triple buffet server

Instruction Booklet

Model WB1420

IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed including the following:

1. Read all instructions.
2. **DO NOT** touch hot surfaces. Use handles or knobs.
3. To protect against electrical hazards, do not immerse cord, plugs, or the appliance in water or other liquid.
4. Close supervision is necessary when any appliance is used by or near children. Children should be supervised to ensure that they do not play with the appliance.
5. This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.
6. Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
7. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. Return appliance to Salton for examination, repair or adjustment. All servicing, other than cleaning, should be performed by an authorized service representative. See Warranty section.
8. The use of accessories or attachments not recommended by manufacturer may cause hazards.
9. **DO NOT** use outdoors.
10. **DO NOT** let cord hang over edge of table or counter, or touch hot surfaces.
11. **DO NOT** place on or near a hot gas or electric burner, or in a heated oven.
12. Extreme caution must be used when moving an appliance containing hot liquids.
13. Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, remove plug from wall outlet and then remove other end from appliance.

14. This appliance is for Household Use Only. Do not use appliance for other than its intended use.
15. **DO NOT** leave unit unattended while in use.

SAVE THESE INSTRUCTIONS

HOUSEHOLD USE ONLY

GROUNDING PLUG

To reduce the risk of electric shock this appliance has a grounded plug (2 blades and 1 pin). If the plug does not fit fully into the electrical outlet contact a qualified electrician. Do not modify the plug in any way or use an adaptor.

HOW TO USE YOUR BUFFET SERVER

Your new Triple Buffet Server is not supposed to be used to cook food, but to keep food warm and is ideal for keeping finger foods, hors-d'oeuvres and buffet-style meals warm and flavourful during dinner parties and get-togethers. Transfer prepared meals from stove, oven or fridge to your buffet server. Any flat-bottomed pot or container that can be used on a conventional electric stove element can also be used on the Buffet Server. For maximum heat transfer, cookware that has a solid perfectly flat bottom is recommended. Cookware made from solid aluminum or some other material with an encapsulated aluminum base will provide the best results. Any cookware can be used to reheat but if maximum energy is required, please use the recommended cookware.

1. Ensure that the Buffet Server is always placed on a flat and sturdy surface.
2. Be sure that the knobs are in the "0" position before plugging the power cord into a 120V A.C. outlet.
3. Place filled cookware on element(s). **NOTE: DO NOT preheat before using.**
4. Each element is equipped with an "On/Off" temperature control knob and indicator light.
5. Turn control knob(s) clockwise to desired setting. The red Indicator Light will glow and go "on" and "off" as the selected temperature is automatically maintained.

IMPORTANT:

DO NOT preheat before using.

DO NOT switch on before cookware is placed on the element.

The wattage of each element is 500W.

CARE AND CLEANING

1. Unplug unit and allow it to cool.
2. The unit should be cleaned with a cloth or sponge dampened in warm soapy water.
3. NEVER IMMERSE THE UNIT IN WATER.
4. All servicing, other than cleaning, should be performed by an authorized service representative. See warranty section.

NOTE: Never use any metal objects, scouring pads, harsh abrasive cleaners, bleach or alcohol on any part of the appliance.

A short supply cord is provided to reduce the hazards of becoming entangled in or tripping over a long cord. Extension cords may be used if care is exercised in their use. If an extension cord is used, the marked electrical rating of the detachable power-supply cord or extension cord should be at least as great as the electrical rating of the appliance. If the appliance is of the grounded type, the extension cord should be a grounded 3-wire cord. The extension cord should be arranged so that it will not drape over the counter top or table top, where it can be pulled on by children or tripped over.

LIMITED WARRANTY

****The original sales receipt is the only acceptable proof of purchase****

Salton Canada warrants that this appliance shall be free from defects in material and workmanship for a period of five (5) years from the date of original purchase. Salton Canada, at its sole discretion during this warranty period, will repair or replace a defective product or issue a refund. Any refund to the purchaser will be at a pro-rated value based on the remaining period of the warranty. All liability is limited to the amount of the purchase price. This warranty covers normal domestic usage and does not cover damage which occurs in shipment or failure which results from alteration, accident, misuse, abuse, glass breakage, neglect, improper maintenance, use contrary to the operating instructions or commercial use. This warranty is not available to retailers or other commercial purchasers or owners.

This warranty does not include the cost of shipping, which is to be borne by the customer.

TO OBTAIN PROMPT WARRANTY SERVICE:
